

ART DUBAI
18-20.4.2025

IN PARTNERSHIP WITH

ART DUBAI DIGITAL 2025

Art Dubai Digital, the premier section dedicated to digital in an art fair, explores the intersection of new media art and technology to expand our understanding of contemporary culture. The fourth edition will be curated by Gonzalo Herrero Delicado, London-based curator currently working for Serpentine galleries and as Associate Lecturer at Central Saint Martins and the Royal College of Art. For 2025, the section will adopt a cross-disciplinary approach to examine how artists and creative practitioners are using artificial intelligence, virtual and augmented reality, and other technological advances to interrogate some of the key environmental, social and political challenges of our time.
